1th January 2017

A very warm welcome to the FICEP Winter Games 2017!

Dear athletes, dear guests.

DJK-Sportverband is happy to welcome the numerous representatives of all nations at the Winter Games 2017 in Nesselwang.

After the Winter Games 2002 in Lenggries it is an honor for us to be host for all winter athletes of the FICEP in 2017. In the ski-region Tannheim/Neunerköpfe and Nesselwang/Allgäu we have ideal conditions for exciting competitions at hand.

It is possible for us all athletes accommodate in a house in Nesselwang and to create as much space for meeting, exchange and a sporty togetherness.

In as much as a good result is the beautiful side of the FICEP Games, the establishing of new friendships and the cultural exchange are even more important experiences.

With this in mind we are looking forward to fair and exciting competitions and wish the participants of all nations success and fun!

Euer **DJK** Wintersports-Team

25% of the amount for every participant for cancellations between December 2,2016 and February 2,2017.
50% of the amount for every participant for cancellations between February 3,2017 and February 17, 2017.
100% of the amount for every participant for cancellations until February 18, 2017.

Anti-Doping Campaign

Doping is, unfortunately, as much a part of top-class sports as are victories, medals and world records. Too tempting are victories that are often in the true sense of the word subsequently financially silver-coated. Diligent helpers in doping are chaperones, doctors and officials. Doping has not only made athletes sick, but also cost some their lives. Doping is in every form a risk and harmful to people. Would doping be legalized, it would mean, that everyone had the same advantage, but there would probably be competition for the best doping methods, the motto being “who has the best doping means?”

Anti-Doping Campaign Goals

Prevention is the most important starting point for future augmentations. Part of the core tasks of the FICEP is the preparation and the arrangement of informational and educational material concerning the topic “Doping in Sports”. The associated members or unions are encouraged to create mandatory offers for training and advanced education.

The FICEP requesting its member unions to realize anti-doping measures for their respective areas of authority, especially through

- the completion of athletes’ agreements
- the preparation of athletes’ passes
- instruction for chaperones and coaches
- active contributions of athletes in the fight against doping.

The FICEP reinforces its strong will to advance the implementation of the suggested measures with all its might.

“Colour Your World” - Anti-Doping campaign DJK-Sportverband

The DJK-Sportverband launched in 2012 for a comprehensive awareness campaign among its members. Support us! Information can be found here: www.farbe-bekennen.de!

Doping control measures

The FICEP’s, NADA’s and WADA’s current Anti-Doping-Code (ADC) from 29.04.2011 is valid. Unannounced doping controls will be held. The selected athletes, after they have been called, have to report to the doping control station within an hour after the competition has ended. A passport or identity card is to be produced for proof of identity. The WADA’s and NADA Austria’s medication database enables athletes and chaperones to obtain fast information concerning doping relevance of medication. The database contains a selection of commonly prescribed or requested medication. Athletes and their attending physicians can request a medical exemption permit if need be to use forbidden substances or methods for treatment of (chronic!) diseases. Information concerning the application for a medical exemption permit (TUE) are also found within the NADA database (<http://www.nada.de>, Download Formulare → Antrag auf med. Ausnahmegenehmigung). Declarations of consent must be at hand from every participants, athlete, coach, chaperone, physician etc.

Anti-Doping Code FICEP (ADCF)

The current Anti-Doping-Codes’ version together with information can be found on www.ficep.org.

Medical committee

FICEP athletes' consent form

A successful fight against doping is unthinkable without the active co-operation of FICEP athletes – even in the public. An important contribution is among other things the mandatory athletes' declaration below.

I hereby declare, to actively advocate clean and manipulation free sports.

Please fill out in capital letters:

First name, last name: _____

Street, Number: _____

Post code, Place: _____ Union/Club:

_____ Squad/discipline:

I have taken notice of the FICEP's Anti-Doping-Code and subject myself to it (accessible on the association's website www.ficep.org).

Place, Date Signature (for minors the signature of a legal guardian)

FICEP Games 2017: The consent form must be sent to the organizer until January 10, 2017 at the very latest: DJK-Sportverband, Zum Stadtbad 31, D-40764 Langenfeld/Rhl.

Medical committee

Amends and declaration of commitment for physicians, veterinarians, physiotherapists, coaches, field experts and chaperones.

The dignity and integrity of health of every athlete, no matter if female or male, is the basis for fair sporting competitions. Every manipulation, especially through doping, is damaging said dignity and therefore the ethic foundation of sports. The fight against doping is therefore of utmost important for athletic credibility.

It is therefore that I declare to the FICEP:

- 1 Doping does not only pose a health risk to affected athletes, it is also a grave violation of sportsmanship and against the policy of fairness.
- 2 I have to this point never supplied athletes with substances, given them access, written prescriptions or applied medication or methods that violate national or international anti-doping-regulations.
- 3 I will continue to protect the dignity of every athlete and not participate in doping methods. I recognize the current anti-doping-regulations, especially the WADA-code, the NADA-code and the FICEP's anti-doping-code. I am aware that the dealing and the distribution as well as the possession of not inconsiderable quantities of doping substances is punishable by law.
- 4 I recognize that a violation of anti-doping regulations can entail far reaching consequences.

I am aware that a violation of said consent can lead to further sanctions by the sports associations or by my employer.

Please fill out in capital letters:

First name, last name: _____

Street, number: _____

Post code, Place: _____

Function: _____

Place, Date Signature

FICEP Games 2017: The consent form must be sent to the organizer until January 10, 2017 at the very latest
